## IN FOCUS

## **Message From the President**

"To travel is to take a journey into yourself" ......Danny Kaye

" My life is shaped by the urgent need to wander and observe, and my camera is my passport." .......Steve McCurry

Those words by National Geographic photographer Steve McCurry certainly echo my feelings about travel and photography. There is nothing that sparks my creativity more than seeing a place for the first time with fresh eyes. And it's the unexpected that one encounters on the journey that often make for the most memorable image captures. Often what you come back with is quite different than what you set out to capture in the beginning.

Join presenter Steve Dent on November 7 as he shows us how to get the most out of travel photography. Steve will cover everything from trip preparation and research, equipment and support gear, the need for finding local guides and what to do after your journey ends.

And if travel isn't in the cards for you in the near future, there are still plenty of photo opportunities close to home. There is still some Fall colour left to be seen out there. For you night photography enthusiasts, the Winter Festival of lights will begin on November 19th and will run until January 31st. Another "Supermoon" is scheduled to be seen on Monday, November 14 (the second this year), with another appearing a month later in December.

Looking ahead - our annual Christmas Potluck and December Competition will be held on Monday, December 19th. There will be a sign up sheet on the snack table at Monday's meeting for those who will be bringing food. Dinner will commence at 5:30pm with the Competition on schedule for 7pm. Also don't forget to bring your cameras to our Macro/Tabletop Workshop on Monday, December 5.

The annual competition between the Niagara Frontier Regional Camera Club and the Greater Toronto Camera Club Council will take place on Saturday, Nov. 19 at the Augustana Lutheran Church, 3143 Eggert Road, Tonawanda. Admission is \$20, lunch and refreshments are included. After the competition, Mike Dziak will share his experiences and tips on shooting sports events. He will cover equipment, camera settings, and gaining access to events.
