Pearl Bacso

Hello Everyone,

If you don't know me, I am the person behind the newsletter. There are some new members of the club whom I haven't met, therefore I thought I would introduce myself so you know who is asking you for a bio for the next newsletter :).

My real name is actually Piroska. I was born in Hungary, and lived in a village called Apagy. I moved to Canada when I was seven years old. I studied Early Childhood Education in College and currently work as an RECE in Grimsby.

My love for photography started in my mid twenties, when I saw the beautiful photos my brother took of the people and places around him. I bought my first camera in 2009, a Nikon D90. My brother and I would drive around whenever we could, looking for anything to take pictures of. If it caught our eye, we would photograph it.

I started to get passionate about photography in 2014, and haven't stopped. These days it's my escape from reality. When I'm out with my camera, nothing else matters except what is happening in that moment. My love for photography has taken me to countries such as Iceland, Ireland, and Malta.

I mostly enjoy landscape and nature photography, but I have done some wedding, newborn and couples photos, mostly for friends.

I have been fortunate enough to have some photos published in various Canadian Geographic photobooks and calendars.

I hope you enjoy my photos as much as I enjoy taking them.

Until next time, happy shooting!
