Terry MacDonald

Photographer/Author/Educator Terry MacDonald will inspire you to “think local” to consider “where we live” as great material for exploring photography; to use your own backyards as a place to investigate and practice, and as a place for inspiration. The aim is to become an expert in your local environment, where you have the advantage of visiting (and re-visiting) when the lighting is ideal.

Outings

NAPA November 2023 GROUP OUTING McLeans Auto Wreckers 12584 Fourth Line Nassagaweya, Rockwood Saturday November 18 at 8:30 a.m.

McLean Auto Wreckers is a very large vintage auto yard which has a wide variety of unique vehicles spanning several decades. They've been on the property so long that the trees have grown around and through the vehicle skeletons.

The trip will take most of the day so bring lunch and liquids. Parking is at a premium so carpooling is necessary. No parking is allowed on the roadside. For those members in the NF area, meet at Fireman's Park at 8:30, in order to arrive at our destination around 11:00. Other car pooling locations will be determined according to where members reside.

We will be collecting \$10 per person at the location before entering as an honorarium to the owners. All members will be required to sign our liability waiver before entering the property. Care must be taken by participants while wandering through, viewing and photographing items to prevent injury. An attendee count will be checked at the end to ensure all participants have returned safely. Winter type clothing and rubber/waterproof boots should be worn due to weather and ground conditions.

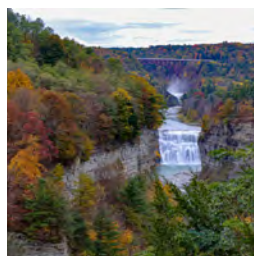

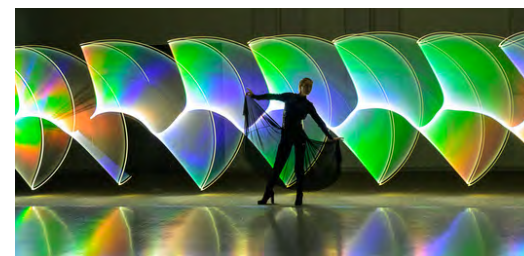

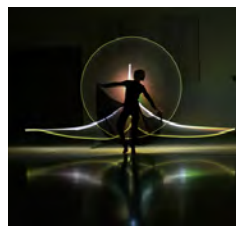

Members must provide verification of attendance in order to let the owners know a vehicle/head count. Please notify Linette by November 15th at lmori@NiagaraPhoto.org if you will be attending and carpooling.

Congratulations

Scott Simons entered three images for the first time in a CAPA (Canadian Association for Photographic Art) competition. His photos received a silver medal which is 2nd place overall. This is a very tough competition and we couldn't be more proud of his achievements. Congratulations Scott on the wonderful work!
Here are the winning entries.
